

# ***Effective Immediately***

**We do have a few new policies in place to help keep everyone safe and healthy.**

- 1. All parents must wear a mask/face covering when entering the building.**
- 2. Parents must message the staff via brightwheel to inform us you have arrived at the school for drop off or pick up.**
- 3. One adult per family may enter the building one family at a time but must wait at the entry gate for pick up and drop off.**
  - a. Upon entry parent must use the provided hand sanitizer on both themselves and their child.**
  - b. A staff member will greet you at the gate and will take your child's temperature. If the child's temperature is 100 degrees or below, the parent may depart at this time and a staff member will help your child get settled into their classroom with their belongings.**
  - c. If your child has a temperature of 100 degrees or higher, drop off will not be permitted and the students must stay out of school fever free without medication for 72 hours. Any sibling will also be sent home as well.**
- 4. All families must sign the COVID-19 Liability Waiver that will be retained on file at the school.**
- 5. Students are not permitted to bring water bottles from home. We will offer water throughout the day in disposable cups.**
- 6. We have teamed up with LHUSD and will be offering a free sack lunch for all students through July 31st. We will notify parents if this date gets extended.**
